New Zealand at a glance

Population: 5 million

Official languages: English, Te Reo Māori,
NZ Sign Language

2nd safest country in the world¹

2nd least corrupt in the world²

4th most gender-equal country in the world³

10th happiest country in the world⁴

15th on the Global Sustainable Competitiveness Index⁵

World-class education: #1 English-speaking country
in preparing students for the future⁶

1. Global Peace Index 2022 2. Transparency International 2022 3. World Economic Forum Global Gender Gap Report 2022

4. World Happiness Report 2022 5. Global Sustainable Competitiveness Index 2021 6. Economist Intelligence Unit 2019

Our location – Dunedin city

Otago’s main campus

Population 130,000

Welcome to Ōtepoti Dunedin! Ōtepoti is the Māori name used for the city and refers to the upper harbour area where Dunedin city was developed.

A walkable city

Dunedin is located on the East Coast of New Zealand’s South Island, and unlike larger cities, you don’t need a car to get around. It’s a 10-minute walk from the University into the centre of town, and Dunedin has an extensive inner and outer-city bus network that makes it easy to explore. Most of our cafés, music venues, boutique stores, museums and galleries are just a short walk from campus.

Wildlife capital of New Zealand

Dunedin is home to an amazing variety of unique wildlife, such as the Yellow-Eyed Penguin, New Zealand Sea Lion and the Royal Albatross. The coastal terrain, secluded beaches and bush clad hills of the Otago Peninsula are the perfect backdrop for students to connect with nature.

Gateway to New Zealand’s best

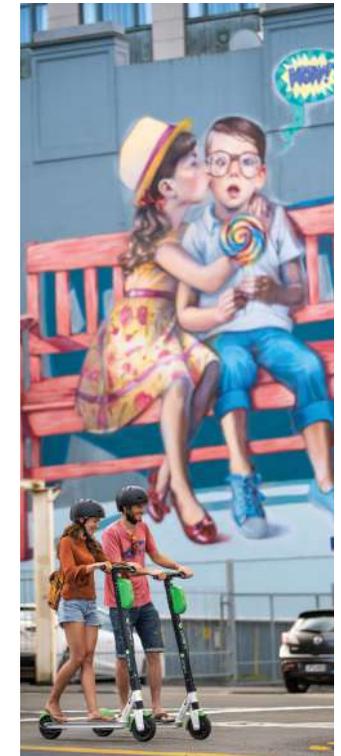

No other university campus in New Zealand has the same range, quality and accessibility of outdoor activities. From surfing and kayaking to mountain biking and snowboarding, students love to make the most of their free time and weekends here at Otago.

Getting around the South Island

Dunedin’s proximity to some of New Zealand’s most iconic natural scenery makes travelling easy. Within a 3.5-hour drive, find yourself in Queenstown – the adventure capital of the world and the perfect setting for skydiving, skiing, bungee jumping and white-water rafting. Visit Fiordland, one of the most dramatic and beautiful parts of New Zealand, and experience the “Great Walks” of the Routeburn, Milford and Kepler tracks – just a 4.5 hour drive away.

Small city, big personality

We might be a small city, but we don’t sacrifice on fun. From world-famous performers and international sports events at New Zealand’s largest stadium, to a burgeoning local culinary, cultural and arts scene – there is something for everyone, no matter your interests. Discover more of what Dunedin has to offer at dunedinnz.com

Why Otago?

New Zealand's first university

1%

Top 1% of universities in the world, ranked 206th globally (*QS ranking 2023*).

#1

in New Zealand for education performance (*TEC Educational Performance Indicators 2023*).

5th

most beautiful campus in the world (*Times Higher Education, The Student Voice 2022*).

47th

in the world (*QS Sustainability Rankings 2022*).

86%

of our students come from outside Dunedin, from over 90 countries.

170+

student clubs and societies.

200+

undergraduate and postgraduate programmes.

What can I study at Otago?

With more than 3500 courses to choose from across Commerce, Humanities, Sciences and Health Sciences, there's something for everyone. The next few pages feature some popular themes and course options for our incoming Study Abroad and Exchange students. Keep an eye out for fieldwork and New Zealand/Pacific focused options to maximise your time here.

Otago

academic year

Semester 1
Mid-February to mid-June

Starts in the New Zealand summer and finishes as winter sets in.

Semester 2
July to mid-November

Starts in winter and finishes as the New Zealand summer season begins.

Summer School
January/February

Six weeks – limited course options.

Finding a course (paper)

At Otago, stand-alone courses or modules are called ‘papers’.

To find Otago’s full range of papers, go to: otago.ac.nz/courses/papers/ and search by subject, keywords or semester.

Alternatively, you can browse through subject themes: otago.ac.nz/courses/subjects/index.html

Levels of study are indicated by the paper code number – 100 level is first year of undergraduate study, 200 is second year and so on.

Be sure to check the semester of study and any pre-requisites (or the equivalent at your home institution).

An updated list of papers for the following academic year is published by September each year.

Workload/credits

Most Otago papers are single semester and are typically worth 18 points each.

A full-time course is generally 54–72 points in any one semester (three to four papers).

It is important to speak to your home institution before selecting your papers, in case of workload or paper requirements at Otago.

You can expect to spend approximately 15 hours per week for each single-semester paper (18 points). These hours are made up of a combination of lectures, tutorials/laboratories, assignments and readings.

18 points at Otago are worth approximately 9 ECTS and 3–5 US credits.

Uniquely Otago

Where weekend playgrounds
are our weekday laboratories

UniFlats accommodation

The classic Otago student flatting experience

More than just a room, a University Flat (UniFlat) offers a memorable experience with like-minded flatmates.

UniFlats are shared, villa-style houses with four to six students, located around the heart of the Otago campus – getting to class is just a short 2–10 minute stroll.

The best part? We match you with other students who share similar interests, so you'll have a group of international friends as soon you arrive.

For many of our flats, you will also have a 'Kiwi Host' – a friendly New Zealand student already studying at Otago. They will help you with all the best tips for settling into student life and exploring this part of the country.

otago.ac.nz/uniflats

Why choose UniFlats?

- Guaranteed* room for Study Abroad and Exchange students.
- Unique opportunity to live the Otago student lifestyle.
- Fully furnished private bedrooms and shared living spaces. Each flat has its own laundry.
- Close walking distance to campus.
- Easiest way to secure a trustworthy rental agreement that is in line with the Otago academic calendar.
- Great value with an all-inclusive semester fee to cover Wi-Fi, electricity, utilities, flat maintenance and activities.
- Opportunity to drop off your bags and explore the South Island before Semester 1 starts, or stay on after Semester 2 exams to explore before your flight home.
- UniFlats community events and activities to get involved in.

*Applications made after the annual deadline may not be guaranteed.

Sustainability neighbourhood

A joint initiative between UniFlats and the Sustainability Office, the Otago Sustainability Neighbourhood is a unique flatting experience with the added layer of making an impact.

The Sustainability Neighbourhood is a limited group of flats dedicated to selected environmentally conscious students who actively work to reduce their environmental impact. The neighbourhood is set up for residents to:

- grow their own food
- compost
- recycle
- be energy efficient
- lead an active, healthy lifestyle
- work as a team to stay accountable.

Getting involved

Become the best version of yourself at Otago, where volunteering and good citizenship are part of our University culture.

Through our Social Impact Studio, UniCrew volunteers, Otago University Students' Association (OUSA) and University groups, there are many opportunities to get connected and become socially, environmentally and inclusive global citizens.

- Tree planting
- Good Deed and Feed
- Food drives
- Mending café and other sustainable fashion initiatives
- OUSA Queer Support
- Global Citizenship programme
- Silverline student-led mental health initiative
- Multi-faith chaplaincy.

Experience the benefits of getting involved and contribute positive change in the community while gaining valuable experience and strengthening your future career prospects.

Over 170 student-led clubs and societies!

Our Study Abroad and Exchange students particularly love these popular clubs, but there are so many more to get involved with, such as: snow sports, tramping (hiking), canoeing, climbing and scuba diving.

ousa.org.nz/clubsandsocs/clubs/clubs-list

Recreation

Multi Purpose Area (MPA)
Te Whare Whāngai Māta

It's not difficult to maintain a healthy, balanced and fun lifestyle while studying at Otago. With so many opportunities for recreation on and off campus, there really is something for everyone.

Unipol is a comprehensive, free student facility that includes weight training and cardio rooms, team sports, subsidised fitness classes and social areas where students can meet up and keep active.

Student outdoor equipment rentals

Whatever you're into – whether it be hiking, surfing or skiing – Unipol also has your outdoor rental equipment needs covered.

High-quality rental equipment includes:

- personal locator beacon (a must-have for hiking)
- snow equipment and clothing
- surfboards and wetsuits
- tents and sleeping bags
- sports equipment (tennis, volleyball, cricket, etc.).

Learn more: otago.ac.nz/recreation

How to apply for Study Abroad

1. Talk to your home institution

The first step is to talk to your home institution's Study Abroad/Exchange office, or a specialist Study Abroad provider/education consultant. They can help you with the nomination application process and check that the credits earned at Otago can be transferred back to your degree at your home institution.

2. Check Otago's entry requirements

To be eligible for Study Abroad at Otago, you usually must:

- be currently enrolled and have completed at least one semester of study at an accredited institution
- have a cumulative grade point average (GPA) of 3.0 minimum on a 4-point scale, or have a credit, "good", or above average results.

Students who do not meet these criteria are welcome to make an application and individual eligibility will be considered.

3. Check English language requirements

If English is not your first language, you must provide evidence of English language proficiency with one of the following:

- IELTS: 6.0 in the academic module (with no individual band below 5.5).
- TOEFL iBT: Overall score of 80 and a writing score of 20.
- Denmark: 7 in English A, and 10 in English B in the Upper Secondary School examination/ Studentereksamen.
- Germany: 3 or below (6–1 grading scale) or 8 or above (1–15 grading scale) in Abitur English Language; or B2 or C1 in the DAAD test.
- Norway: 4.0 or higher in the student's final year of English for Vitnemål for videregående opplæring.
- Sweden: Grade of C (VG) or better in English 5 and 6 (English A and B) for Slutbetyg/Examensbevis från Gymnasieskolan.

If the above options are not able to be provided, a statement from the student's home institute testifying that the student's language ability is deemed sufficient to meet language entry requirements may be considered.

For a full list of accepted English language proficiency evidence, visit:
otago.ac.nz/international/future-students/entrance-requirements/english-language-requirements

4. Otago application tips

Whether an application is submitted by you directly, or by your home institute/specialist Study Abroad provider/education consultant, please note the following:

- You must select 'Certificate of Proficiency – Incoming Study Abroad' in our Otago eVision application system (do not select the name of the degree programme you are studying at your home institution).
- Your 'sponsor' is either your home institution, specialist Study Abroad provider or education consultant.
- Your passport must be officially certified by either your home institution, specialist Study Abroad provider or education consultant.

Other academic transcripts and English language evidence must be official 'certified true copies' that include the certifying person's position, name, signature and official stamp. This can be done by your home institution, specialist Study Abroad provider, education consultant or Notary Public.

5. Accept your offer

You will receive a digital Offer of Place letter in your eVision portal – use the buttons at the bottom of the letter to accept your place at Otago. You will need your Offer of Place as part of your student visa application.

6. Select your papers

Once you have accepted your Offer of Place, you can select papers in your eVision portal. Please check with your home institution for any workload or prescribed course requirements. Review pages 18–29 in this guide for inspiration or check the subjects and papers section on the University website to search for papers on offer. Make sure the papers you're interested in studying are offered in the same semester that you will be at Otago.
otago.ac.nz/courses/subjects/

7. Special Permission process

For papers above 100-level (first year) that require Otago prerequisites, students need to apply for Special Permission. This is a normal step for most Study Abroad students. The relevant department(s) will review your request and your previous studies. Once a decision has been made, this will be communicated to you via an alert in your eVision portal.

8. Apply for UniFlats housing

Apply for your place in a UniFlat by navigating to the 'Residential Colleges and UniFlats' section in your eVision portal. Provide as much information about yourself as possible, as this is used to match you with other like-minded international students.

Your offer of accommodation will be sent to you directly from the UniFlats team. It is important you reply to the offer within the specified timeframe to guarantee your placement.

9. Pre-departure

Keep an eye out for information about our pre-departure steps and what to expect at orientation. Stay connected through our 'Your Otago' newsletter series and pre-departure webinars.

Otago application deadlines

Semester 1 (February–June): 1 December

Semester 2 (July–November): 30 April

Summer School (January–February): 31 October

UniFlats

Semester 1: Applications open 1 August. Applications received before 1 November will be processed in the first round of placements. Later applications will always be considered depending on availability.

Semester 2: Applications open 1 April. Applications received before 15 May will be processed in the first round of placements. Later applications will always be considered depending on availability.

Please note: Your home institute, specialist Study Abroad provider or education consultant may have additional important deadlines connected to your nomination and application.

English + Study Abroad

Have the full experience! Improve your English language skills before transitioning into a Study Abroad semester at Otago.

Spend your first semester settling into New Zealand life by gaining new language skills and confidence in your English communication level, while living with a friendly homestay family.

Next, get the full Otago experience by studying our popular academic course options as a Study Abroad student. Join your international peers and develop your independent living skills in our popular UniFlats student accommodation*.

Living costs

Dunedin is one of New Zealand's most affordable cities. With students at the heart of the community, there are entertainment, food and transport options for all budgets.

Study Abroad and Exchange students should plan for the following budget per semester:

	\$NZD	\$USD	€EUR
Approximate total living costs per semester*	12,000	7,500	6,800

This amount is sufficient to cover accommodation, food, getting around and general leisure.

We recommend you bring extra funds for additional travel and activities outside of Dunedin.

*Based on currency conversion at the time of publication.

Student support and essential information

Our top-quality education and facilities are matched by our range of student support services – dedicated to helping you get the very best out of your time at Otago.

- International Student Support Services, Orientation and Enrolment, Visa and Insurance Services.
- Student Health Services (nurses, doctors, mental health and wellbeing team).
- Disability Information and Support (academic accommodations).
- Multi-Faith Campus Chaplains.
- Otago University Students' Association (OUSA) support services, including Queer Support.
- Library Services and Resources.
- Course Advice.
- Student Learning Development (workshops, peer tutoring).
- Career Development Centre.
- Student IT Services.
- Ask Otago (one-stop help desk)
- Campus Watch (24/7 safety service)

Student visa

You must be granted a visa valid for study at the University of Otago before entering New Zealand, and continue to hold a valid visa throughout your enrolment period. The Immigration New Zealand (INZ) website provides full information.

immigration.govt.nz/new-zealand-visas

Otago's Student Visa Services can provide assistance and support, including information for students on campus who need to renew their visa: student.visa@otago.ac.nz. If you're planning on bringing your spouse/partner and/or children with you to New Zealand, they will need to apply for an appropriate visa based on their circumstances.

Work rights

Study Abroad students are not granted work rights during the semester. They are granted full-time work rights during scheduled vacations, only if studying for two semesters. Exchange students are granted part-time work rights during the semester and full-time work rights during scheduled vacations, only if studying for two semesters. For more information, visit the Immigration New Zealand website:

immigration.govt.nz/new-zealand-visas/preparing-a-visa-application/education-quals-study/working-on-a-student-visa

Working holiday visa (selected countries)

A working holiday visa allows students to study courses in New Zealand that can be completed within six months. immigration.govt.nz/new-zealand-visas/preparing-a-visa-application/working-in-nz/how-long-can-you-work-in-new-zealand-for/working-holiday-visa

Medical and travel insurance

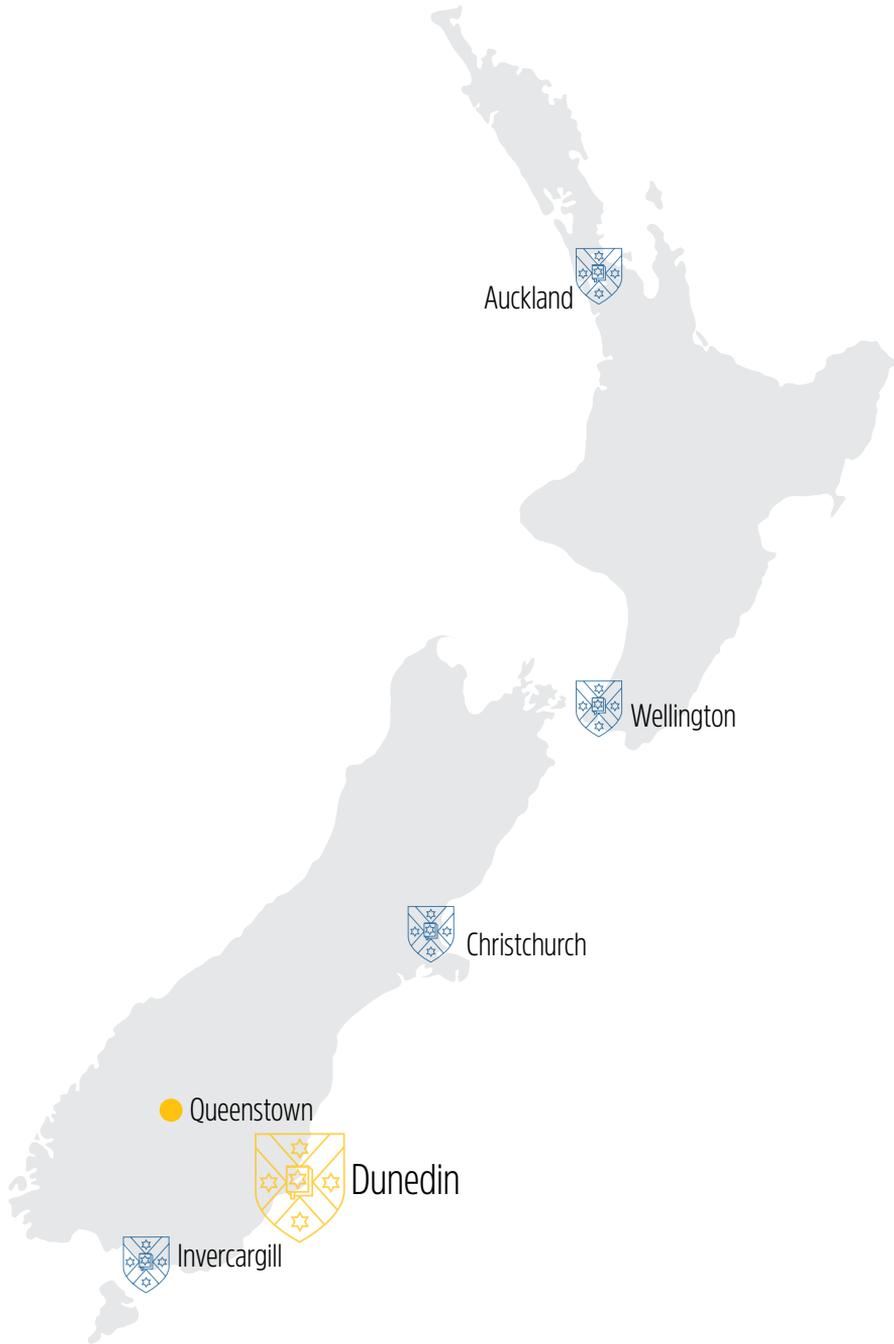

All international students are required to have comprehensive health and travel insurance while in New Zealand. The University of Otago's recommended policy is Studentsafe Inbound University. When you enrol you will automatically be covered by Studentsafe, and the insurance premium will be added to your student account. otago.ac.nz/international/healthcare

Accident insurance

The Accident Compensation Corporation (ACC) provides accident insurance for all New Zealand citizens, residents and temporary visitors to New Zealand. However, you may still be liable for all other medical and related costs. acc.co.nz

The information provided in this guide is, as far as possible, up to date and accurate at the time of publication. Please check the website for the most up-to-date information. The University reserves the right to add, amend or withdraw courses and facilities, to restrict student numbers and to make any other alterations, as it may deem necessary. Published October 2023 by the International Office, University of Otago.
